

MITEL

Cordless Accessories

Expand your communications range

New accessories from Mitel® offer the freedom of cordless mobility and the feature richness of a desktop phone.

With the Mitel Cordless Handset you're free to move around when on a call—and the Mitel Cordless Headset gives you further hands-free convenience. No more missed calls when you step away from your desk to go to the printer or speak to a colleague a few desks away!

A key benefit for any office or home-based call center users. DECT-based, the Cordless Headset can be used in high-density environments. Designed specifically for the Mitel 5330 IP Phones and Mitel 5340 IP Phones, many features have been integrated into the headset itself.

Key Features

Features of the cordless accessories include:

- Initiate call / end call key
- Volume control keys
- Mute key
- Built-in ringer in the Cordless Handset
- Place outbound calls while mobile with programmable "Auto Speed Dial" upon off-hook
 - Speak@Ease or "0" or Secretary speed-call
- LED indicators on the Cordless Accessories Module, Cordless Handset, and Cordless Headset indicate both connectivity and charging status
- Eight hours talk time
- Forty-three hours standby time
- Battery recharge time of three hours or less
- Operating range of up to 300 feet (100 meters) from the 5330 IP Phone and 5340 IP Phone
- Integrated functionality of the Cordless Headset eliminates the need for a handset lifter
- Out of communications range warning tone
- Support for two cordless devices (Cordless Handset and Cordless Headset) per Cordless Accessories Module
- Audible warning for low battery
- DECT-based design: Standard DECT and DECT 6.0 cordless technology provides higher quality voice transmission, density, and less interference compared to Bluetooth
- Supported on the Mitel 3300 IP Communications Platform (ICP) and in the future on the Mitel SX-200 IP Communications Platform (ICP)
